Dear Sir,

Good day!

I am Ell Jay Lacaran, a fourth-year BSIT student from Saint Michael College of Caraga. As part of the requirements of my program, I need to undergo On-the-Job Training (OJT) to gain real-world experience and apply what I have learned in my studies.

I am highly motivated to learn and open to receiving guidance and training from your office. I believe that completing my OJT at TESDA – PROVINCE will help me strengthen my skills, broaden my knowledge, and prepare me for future career opportunities.

I would sincerely appreciate the chance to train with your team and offer my assistance wherever it may be needed. Thank you for taking the time to review my request. I look forward to hearing a positive response from you.

Respectfully yours,

Ell Jay Lacaran
OJT Applicant
